

Trinity  
Episcopal  
**Cathedral**  
Little Rock, Arkansas

Presents

# Burton Tidwell

*Burton Tidwell designed and directed the 2017/2018 tonal renovation of the Trinity Cathedral organ. He has been involved in crafting over 300 pipe organs and has overseen the tonal finishing of more than 150 instruments across the United States. A church musician for 45 years, Burton currently serves Valley United Methodist Church in Marion, Kansas. He has written extensively on the work of notable American organ builder Lawrence Phelps with whom he worked and has offered lectures on Phelps' craft and art which revolutionized organ building in the United States.*

**in concert**

*Following a Festival Choral Evensong at 4:00 p.m.*

The fourth recital in the
